RFP Addendum Form

RFP Number: 92700-14-000001	RFP Title: Microsoft Dynamics AX Public Sector 2012 Upgrade Implementation and Training
RFP Proposals Due/Close Date and Time: July 31, 2013; 1:00PM, ET	
SRTA Issuing Officer: Deirdre Johnson	
Email: djohnson@georgiatolls.com	Telephone: 404-893-6129
Addendum Number: One (1)	Date Issued: July 18, 2013

The attached information provided by the State Road and Tollway Authority, is made a part of this RFP. The purpose of this addendum is to revise the RFP requirements as specified in the addendum items below:

1. **Page 3, Section 1.3**
    a. **Original**: Given these objectives, it is anticipated that low customization of AX will be required for this implementation. SRTA will drive the modification of business processes, but will rely on the SI to assist SRTA staff to understand AX functionality and how processes need to change to fit AX functionality. While SRTA will be responsible for the software acquisition, SRTA requests that Offerors identify software costs associated with recommended modules as part of its proposed approach. Estimated software cost is for informational purposes only and will not be considered as part of the evaluation for this RFP. SRTA requires a Go-Live date of March 31, 2014 for the AX implementation.

    b. **Revised**: SRTA expects that the majority of the desired functionality can be derived through configuration of the AX product. SRTA will drive the modification of business processes, but will rely on the SI to assist SRTA staff to understand AX functionality and how processes need to change to fit AX functionality. While SRTA will be responsible for the software acquisition, SRTA requests that Offerors identify software costs associated with recommended modules as part of its proposed approach. Estimated software cost is for informational purposes only and will not be considered as part of the evaluation for this RFP. SRTA requires a Go-Live date of March 31, 2014 for the AX implementation. Additionally, SRTA has estimated a cost of $210k for the Professional Services component of the contract. This estimate does not include the cost of any software, direct expenses, warranty period, or the maintenance periods.

2. **Page 12, Section 2.2.2**
    a. **Original**: At this time, SRTA's IT department anticipates hosting the AX solution. However, SRTA is interested in exploring a vendor or cloud-based hosted solution. The Offeror shall propose an annual fixed cost to host the AX

solution on SRTA's behalf. In the vendor hosted solution, the Offeror shall be responsible for all software maintenance and upgrades.

  b. **Revised**: SRTA's IT department will host the AX solution.

3. **Appendix G**
  a. **Original**: Appendices G-1, G-2 and G-3 (Contractor and Subcontractor Affidavits)
  b. **Revised and Attached**: Appendix G, Immigration And Security Form (Georgia Security and Immigration Compliance Act Affidavit)

4. **Appendix I – Cost Proposal**
  a. **Attached**: Appendix I, Revised 7/17/13 (RFP Addendum No. 1) - Removed the reference to the hosted solution.

5. **Appendix J – SRTA Assessment**
  a. **Added and Attached**: Appendix J, SRTA ERP Assessment Report - This is the section of the Needs Assessment for reference by potential Offerors.

A signed acknowledgment of this addendum (this page) should be attached to Offeror's RFP response.
